Alderbrook: For life's next chapter

We believe in the enduring strength of the human spirit. We focus on the rich lives of our residents and envision a future filled with cherished and meaningful moments.

At Alderbrook, we believe moving into a care home can be a new chapter filled with integration and purpose. Through events, community group participation, support groups and resources, we empower families and friends to stay engaged and navigate this chapter alongside their loved one.

“The staff are attentive and carry out all care in a professional, caring, respectful and friendly manner.

All staff care, for not only the residents, each other but also the visitors. They always have time to answer any questions and have a chat.

Regular and appropriate activities are planned and appear to be enjoyed by the residents”.
